

Healing Hotels of the World – the World’s Most Unique Hotel Brand

Cologne, February 2017 – As the only hotel brand for holistic health worldwide, Healing Hotels of the World has more than 100 member hotels located in 46 countries. Each location is unique in terms of focus and area of expertise. What they have in common is the highest standard of quality, a healing vision, and a passionate holistic approach towards everything they do. Healing Hotels are change agents for an enriched life experience.

During their first visit to one of the founding member hotels - Ananda in the Himalayas - the creators of Healing Hotels experienced in a very short time, a transformation to a new level of wellbeing and happiness. They decided that these were the places they wanted to promote to the world and founded the brand Healing Hotels of the World.

The feeling of ultimate wellbeing is a state of happiness and contentment that cannot be achieved solely by outer stimuli. It is a state of being healthy in body, mind *and* soul. To achieve this state, a complex interplay of different components is necessary including nutrition, holistic therapies and a healing environment.

This is why Healing Hotels of the World developed a detailed set of criteria. Each hotel or resort is evaluated personally by Healing Hotels of the World. As a qualified member of Healing Hotels of the World, each hotel or resort guarantees a supreme experience for each guest.

The hotel collection offers tremendous variety based on location, ranging from mountains to beaches to tropical environments. Guests are able to experience the ancient wisdom of India, the healing effects of the Australian and African bush, as well as medical checks, yoga, meditation, quiet walks through nature, and much, much more. There is even a Healing Concierge to help you identify hotels or resorts that best suit your requirements, your health or wellbeing goals, preferred destination, culture and climate, or any other questions you may have.

Since the founding of Healing Hotels of the World in 2006, people around the world are waking up to see that changes in their lifestyles are necessary, and thus, are seeking Healing Hotels as centers capable of providing profound transformation. In all corners of the world, more and more hotels and resorts are committing to healing. On six continents, the same passion for a more healing, a more sustainable, and a more compassionate lifestyle has emerged.

The brand is also at the forefront of supporting the global paradigm shift towards a soulful economy through organizing the HEALING SUMMIT – COMMITTED TO HEALING. The HEALING SUMMIT is an annual event which provides space for individuals and businesses to meet, debate, discuss and learn from the expertise of extraordinary speakers from all over the world.
