

HEALING HOTELS OF THE WORLD

Sindhorn Kempinski Bangkok joins Healing Hotels of the World

Latest Urban Healing Hotel offers connection with nature in the heart of the city

Sindhorn Kempinski Bangkok offers a sense of tranquility in a fast-moving city

Cologne, Germany, 30 November, 2021 -- Sindhorn Kempinski Bangkok, a garden oasis in the heart of Bangkok, has become the latest urban hotel to join Healing Hotels of the World. The hotel features Bangkok's most complete spa and fitness center, which is spread across three floors and 4,000 square meters, while the leafy setting creates a sense of tranquility and connection with nature in the heart of the city.

Sindhorn Wellness by Resense includes 26 treatment rooms and offers bespoke treatments and advanced therapies designed for detoxification, rejuvenation and prevention, as well as a wide range of fitness activities. Facilities include a Moroccan hammam, bio and salt saunas, cold chamber, Rasul mud room, tepidarium, dry floatation room, aroma steam room, and a Vichy treatment room. A cantilevered saltwater pool features dramatic views of the city, and a dedicated Wellness Concierge helps guests plan their holistic getaway.

“We all seek to live longer, look younger and feel fitter. Our range of advanced treatments and specifically selected technologies will empower our international and local guests to achieve their goals” says Emma Darby, COO of Resense.

Sustainability is also a cornerstone of the hotel's design; it was awarded LEED Silver certification for resource-saving sustainable construction, design and practices, including conserving and replanting old-growth trees. Rooms are spacious, with floor-to-ceiling windows that flood each room with natural light and views of the city, park and Sindhorn Village's verdant gardens. Soundproofing, double walls and solid doors help guests enjoy a restful night's sleep.

“Sindhorn Kempinski Bangkok is a true urban Healing Hotel,” says Anne Biging, CEO and co-founder of Healing Hotels of the World. “The respite from a busy city and the connection with nature it provides are a great example of the ways in which urban hotels can continue our mission to provide guests with healing hospitality, even when they're travelling in a city. We're thrilled to welcome them as our newest member.”

About Healing Hotels of the World

Healing Hotels of the World is the pioneering global brand committed to healing hospitality. Founded in 2006 by Anne Biging and Dr. Elisabeth Ixmeier, the member-based collection of 90+ of the best Urban and Resort Healing Hotels around the world brings holistic healing travel based on specific Healing Excellence Standards to life. Member hotels are Healing Certified ensuring that the wellbeing of each guest is taken to a deeper dimension through their holistic program offering. Healing Hotels of the World provides expert consulting and training empowering hoteliers to fully embrace the healing guest experience. With the online magazine JUST BREATHE MAG and the yearly HEALING SUMMIT, the leading event for the healing hospitality and holistic lifestyle community, Healing Hotels of the World has found unique ways to express and share its vision of enabling travel guests to become whole in body, mind and soul.

About Sindhorn Kempinski Hotel Bangkok

The Kempinski name is proudly borne by a growing collection of distinguished properties around the world. Sindhorn Kempinski Hotel Bangkok is a garden oasis in the vibrant heart of Bangkok. It features oversized rooms and suites, all with private balconies, and triple-layered glass that keeps the noise and heat of the city at bay. With airy, light-filled spaces and modern Thai luxe design, the bars and restaurants are stunningly beautiful, and with three floors devoted to your wellbeing and fitness, plus a cantilevered saltwater pool with jaw-dropping views of the city, it's the perfect place to relax and rejuvenate. Sustainability is a cornerstone of the hotel's design hence it was awarded LEED Silver certification for its resource-saving sustainable construction, design and practices, including conserving and replanting old-growth trees.
