

Private Caribbean island resort joins Healing Hotels of the World

The Aerial BVI helps guests find their purpose and become a force for good

Guests experience positive transformation and personal growth in a stunning setting

30 March, 2023, Cologne, Germany -- The Aerial BVI is the latest resort to join Healing Hotels of the World, offering guests a private island setting for personal transformation and growth. Surrounded by the clear blue waters of the British Virgin Islands and with just six luxury residences, The Aerial BVI is designed to help guests harmonize the pillars of their life – body, spirit, finances, impact, mind and relationships – in a beautiful setting that allows them to reconnect with nature and themselves.

The staff of wellness practitioners, spa therapists and nutritionist chefs offer a wide selection of treatments and experiences, including equine therapy at Redemption Ranch, a sanctuary for horses, zebras and 21 tortoises. Guests can also attend a five-day intensive summit focusing on one of the pillars or book the entire island for a bespoke wellness experience.

“The Aerial BVI is set in a stunning location that allows guests to reconnect with nature – and with themselves,” says Anne Biging, Co-Founder of Healing Hotels of the World. “And on top of this, it’s got a very unique concept, with a mission towards supporting purposeful initiatives and helping people become changes for good – something the world really needs right now.”

The Aerial BVI is the only resort on the island, and the serene setting features six luxury residences – including one tepee – built sustainably using local shells and stone, which house up to 30 guests. Food on the island is an integral part of the healing experience, with a pescatarian-forward, locally sourced menu.

Guests can experience healing therapies and treatments including sound bowl therapy, yoga, meditation, intention setting, cacao ceremonies, presence training, environmental healing, aqua therapy, guided stargazing sessions, massage, body scrubs, reflexology, and hot and cold contrast bathing. Additional activities include guided writing and meditation, island runs and hikes, morning ocean swims, reef snorkeling, horseback riding, sunrise and sunset hikes, and walk-the-island trails.

The resort also has many impact initiatives: 10% of the revenue from each stay is donated to lifesaving non-profit initiatives, including Emergency Disaster Response, Ending Human Trafficking, Animal Rescue and Rehabilitation, and Heal the Heroes.

“The Aerial BVI is such a beautiful resort, with a mission to make the world a better place,” says Elisabeth Ixmeier, Co-Founder of Healing Hotels of the World. “It’s an immersive retreat with a team of passionate creators who curate incredible, bespoke experiences for guests to leave them truly transformed, so that they, in turn, can take that healing energy back into the world.”
