

Healing Hotels of the World welcomes Camiral Golf & Wellness
Offering a transformative blend of golf and wellness in the heart of Spain

Holistic wellness, mindfulness and sustainable living allow for a comprehensive travel experience.

13 April, 2023, Cologne, Germany -- Healing Hotels of the World is proud to announce the newest addition to its network of member hotels, Camiral Golf & Wellness. Known for its unique blend of golf and wellbeing, this beautiful property is located in the heart of Girona in Spain.

With 145 spacious rooms and suites, Camiral Golf & Wellness has been exquisitely designed to provide guests with the ultimate in comfort and relaxation. The hotel's championship golf course is one of the best in Spain, has hosted several international tournaments and is a favorite go-to among golf enthusiasts of all levels.

The use of 100% recycled water is what makes the resort so special. The resort's resident biologist has turned the golf courses into a nature preserve. He has created habitats for native flora and fauna to thrive. Other sustainable measures include the use of renewable energy sources such as solar power and biomass to minimize the carbon footprint and a variety of green initiatives to reduce waste and promote eco-friendly practices. In addition, the hotel has received several certifications for its sustainability efforts.

Camiral Golf & Wellness also boasts a state-of-the-art wellness center where guests can indulge in a range of rejuvenating spa treatments and holistic therapies. The 1,000-square-foot spa features six treatment rooms, a hydrotherapy pool, sauna and steam room. Guests can choose from a variety of treatments, including massages, facials, body wraps, and more. Therapists are trained to provide personalized care for each guest, and the spa uses only organic and natural products.

"We are delighted to welcome Camiral Golf & Wellness to our brand," says Anne Biging, CEO and Co-founder of Healing Hotels of the World. "This stunning property is a shining example of how golf, wellbeing and sustainability can be sensibly combined to create a truly transformative experience."

The hotel's programs and services are designed to promote holistic wellbeing, mindfulness, and sustainable living. At the property's five restaurants, guests can enjoy healthy cuisine prepared with locally sourced ingredients. Guests are invited to participate in yoga and meditation classes or explore the beautiful natural surroundings. The resort also offers outdoor activities such as hiking, biking, and horseback riding, as well as nearby attractions such as the medieval city of Girona, the Salvador Dali Museum in Figueres, and the beaches of the Costa Brava.

"Being at one with nature rather than dominating it is what makes this resort so special, as you can feel this attentiveness permeating the entire property," reveals Elisabeth Ixmeier, CCO and co-founder of Healing Hotels of the World.
